OUTSTANDING

## Welcome from Chief Executive Hannah Coffey

Hello and welcome to our Trust! I am delighted that you are considering our organisation as a workplace.

This is a really exciting time for our patients and staff as we work with our local health system partners across Cambridgeshire, Peterborough and South Lincolnshire to deliver some key development projects that will shape the care we provide for future generations within the 900,000-strong catchment we serve. As well as building a new hospital at Hinchingsbrooke and redeveloping our sites at Peterborough and Stamford to better meet the needs of patients, we are investing in a Trust-wide electronic patient record system and harnessing digital technology within our diagnostic services to enhance the quality and speed of diagnosis and treatment.

It's a great time to be joining TeamNWAngliaFT where we truly value the health and well-being of our staff and encourage our leadership team to empower their teams to be the best they can be, to help them develop in their careers and, at the same time, ensure our patients can experience good quality care by people who are dedicated to serving their health needs.

If you are looking to develop your career in an environment that's primed for organisational change, where you can actively contribute to the quality improvements we are making for our patients and staff, then look no further for your next role.
